Biographical:

Professional:

Lynn Townsend Burnett, Principal and Owner at LTA Engineers, has over 25 years of progressively responsible experience in civil engineering, including serving as project manager of all types of both public and private sector projects. Lynn served as the Vice President of a nationwide engineering company prior to starting her own engineering practice in Marion and Manatee Counties. She has been responsible for all aspects of project management from conceptual planning to final certifications and she enjoys the most challenging of projects. The majority of her experience has been in stormwater, roadway, and utility related projects. Lynn has extensive experience in addressing and mitigating coastal flooding issues associated with severe climate change and sea level rise. Lynn served as the City Engineer for the City of Holmes Beach, the City of Bradenton Beach, City of Anna Maria and the Town of Redington Beach. She served on the Local Mitigation Strategy Group of Manatee County, the Technical Advisory Committee of the Sarasota/Manatee Metropolitan Planning Organization, and the Barrier Island Traffic Committee.

Personal:

Lynn is married to Seth Burnett a firefighter and has two teenage sons. They live in Bradenton, Florida and enjoy much of their time outdoors, riding horses and playing golf.

Related Projects for Lynn Townsend Burnett:

Lynn's responsibilities on the following projects included all related aspects of parks, recreation facilities and component design, roadway, sidewalk, utility and drainage design, permitting through all of the applicable entities, construction cost estimating, value engineering, construction inspections and final certifications.
